The W. T. Reduce-U Corset

The time has come when all women can learn the art of being shapely and graceful, by wearing the proper shaped Corset, without paying \$5.00 or \$10.00.

For instance, wear the W. T. Corset.

This is a reducing corset on which the adjustment lies flat against the body, and therefore overcomes the usual tendency of similar corsets to tear and show through the clothing.

The superiority to other abdominal reducing corsets is that the adjustment can be made after the corset is on.

In putting on the corset have the abdominal band free, lace in usual manner, then adjust by drawing the buckle slowly toward the back, until the desired effect is obtained.

We sell this corset, sizes 18 to 36, for \$1.00; outsize, 30 to 36, at \$1.25.

Bargains in Sweaters

We are putting on sale today a discontinued line of first-class Sweaters in solid colors, or plain white with borders. The regular prices of these Sweaters were \$3.95 and \$5.00—now your choice at \$2.00 while they last.

GOLDEN WEDDING

Celebrated on Monday by Mr. and Mrs. Dwight M. Church.

Monday marked the fiftieth anniversary of the marriage of Mr. and Mrs. Dwight M. Church. They quietly celebrated that happy event at their home, 1491 Main street. During the day many friends called to congratulate the couple and they received a number of telegrams bringing felicitations. Open house was kept from 10 a. m. until 10 p. m.

At 8 o'clock an elaborate buffet lunch was served in the dining room under the supervision of Mrs. J. MacFarlane and Mrs. L. Moses. A local caterer furnished the delicacies.

Mr. and Mrs. Church received a large number of gifts, including many pieces of gold, silver, flowers and other articles.

They have spent the greater portion of their married life in this city, although during their earlier life they lived in a number of other Connecticut towns and cities.

Mr. Church is a widely known inventor. He has had no less than one hundred patents registered at the patent office in Washington, D. C., and a great many have been granted him for his inventions.

He is the inventor of the ready-wound bobbin for shuttles in sewing machines and this little invention completely revolutionized that great industry. His latest invention is a device for safeguarding railroad trains and throwing switches without the aid of the hands, as the earlier throw automatically by the passage of the cars over the iron. This is a very important device and he has an excellent model in miniature at his home. A railroad in the state of Michigan has equipped its line with it and ten days or so ago a representative of the New York Central called upon him and told him that he would hear from him.

WEDDING

Vincelle-Bouray.
Joseph Vincelle and Miss Mary Bouray, both of this city, were united in marriage Monday morning at St. Mary's church at 8 o'clock by Rev. J. J. Pappillon, who was also the celebrant of the wedding.

Laurence Beauchamp was best man and Miss Eva Vincelle, a sister of the groom, was bridesmaid. After the ceremony at the church, a reception was served at the home of the bridegroom's parents, Mr. and Mrs. Delphia Vincelle, 23 Ash street. A reception was held in the afternoon at the home of the bride's parents on Quaker avenue. Mr. and Mrs. Vincelle left the evening for a short wedding trip and upon their return will make their home in this city.

WEDDING

Gavitt's Bond Fixed at \$10,000.
William Gavitt, charged with assault with intent to murder, was in police court Monday morning, but not put to plea, as his case was continued until Saturday morning. Lucius A. Brown's case was also continued until Saturday, as relatives desired to have a little time to think the matter over. Judge Arnold allowed the case to be held for Monday morning and fixed bail for Gavitt at \$10,000, which friends were endeavoring to procure at a late hour Monday evening.

In the Probate Court.

In the probate court Monday morning Judge James A. Shea granted William Lyman, administrator, an order to sell the real estate of the late Mary T. Garritt.

Judge Shea on application of Attorney P. J. Danahy appointed Thomas Corcoran administrator of the estate of James Corcoran, late of Willimantic, deceased. Frank Fenton and James Haggerty as appraisers.

OBITUARY.

Mrs. Eda Gertrude Kingsley, widow of George Kingsley, died in Los Angeles, Cal., last Saturday, aged 45. Bright's disease caused death. The body will be taken here for funeral services and burial. Mrs. Kingsley was at one time a resident of this city.

Miss Abbie A. Page.

Miss Abbie A. Page, aged 73, died Sunday morning as the result of complications following a broken hip, sustained by falling down stairs a few weeks ago. She was a native of Willimantic, the daughter of James Page and Mrs. Mary Page. She had lived here for many years and was a member of the Congregational church.

She leaves a nephew, Charles Page of Willimantic, and a niece, Miss May Arnold, also of Willimantic.

Mrs. Harriet Palmer, widow of William P. Little, died at her home in Columbia Sunday afternoon of heart failure. She had been ill falling heart since Tuesday. Deceased was a native of Vernon and was the daughter of Elliott and Anna Palmer and was 91 1/2 years of age. Mrs. Little received her education in the village of Vernon, and resided there until 1841, when she married Mr. Little and they moved to Columbia, taking up her residence in the house in which she died. She was a member

Decrease in Voting List—Factory No. 2

Instead of showing a local voting strength of 1,000, as expected, the voting lists being prepared by the registrars for the fall elections will give Killingly a total of 780, a decrease of 220 from 1909. This fact is explained as the result of a careful scrutiny of the lists by the town registrars and the removal of names of persons regarded as "deadwood." No names have been removed, however, without a written order from the registrars.

There were 1,545 voters registered in Killingly last year and with the large number of applications from those who had moved to other towns before the annual town meeting. The gain, though, was more than offset by the names removed.

The following comparative statement by districts will show what the voting strength was last year and what it will be this year: 1909—District No. 1, 826; District No. 2, 528; District No. 3, 201; total, 1,555. 1910—District No. 1, 838; District No. 2, 465; District No. 3, 201; total, 1,504.

The heaviest loss is in the Second district, 63 of the total shrinkage of the town. This is due largely to the fact that the bulk of the Willimantic Manufacturing company has been sold in part for some months. Only 36 voters are now resident in the Seventh school district of Killingly, the district which has lost the largest number of voters in the First district was 18 and in the Third district (East Killingly) only 5.

To improve highways.

Specifications and plans for the two stretches of macadam road to be built in Killingly with state aid have been received by the selectmen of the town. The sections of highway to be improved extend from the bridge at Blinville to Kelley's corner at Dayville and from the Attawaugan bridge to Blinville. The bids from contractors for doing this work are to be opened on Friday of this week and the contract will probably be given immediately.

LOSS OF INCOME

And Payment of State Tax Have Increased Town Debt.

While the town reports just issued show that the debt of Killingly has increased in 1910, it is not so with the loss of income. The town's income for the past year, there has been as a matter of fact a decrease in the actual expenses of running the town. The actual amount of orders drawn by the selectmen being less than it was for the previous year, this being true of the total amount of the orders drawn on the account of the school committee as compared with last year. The town's income for the year ending June 30, 1910, was \$13,000, as compared with \$12,500 for the year ending June 30, 1909. The town's income for the year ending June 30, 1910, was \$13,000, as compared with \$12,500 for the year ending June 30, 1909.
